

Monostory / Monomyth / Hero's Journey

Q.

The hero's journey is not a creative way of telling a story.

A.

This is a common misconception.

The Monostory / Monomyth / Hero's Journey is really an understanding of the common denominators that must be in all stories, for a number of reasons (transformation etc). This requires deeper explanation that cannot be easily put forward in a few paragraphs – contact and speak to kal@clickok.co.uk if you need to know more about this.

Best,
