We believe that ALL successful Hollywood movies follow the 510+ stage hero's journey pattern¹. We've examined the top 1000 movie lists, the Academy Award lists and the genre lists and not found an exception.

If you think you know the hero's journey (99.999% of you don't) and think you know of a successful Hollywood movie that doesn't follow the pattern, then please tell us. We'll be happy to prove you wrong.
